Statement from Connected World:

At Connected World we think it's important that the elders in the community engage in the futures of the youth. This is an effort to directly impact the community and we would like this to be a catalyst toward many other community impacts. If you have any ideas that are similar and would like to collaborate with us, we would like to hear from you! Next month we plan on a project for the girls. Buy a t-shirt and a girl gets a free trip to a nail salon. If you know of any locations who would like to participate let us know!
